CHOOSE YOUR PERFECT SOFA

**HOME COLLECTION
ED. 1 | 2025**

What does your home mean to you? A place of rest and relaxation after a long day at work? A haven where you can enjoy time with family and your closest loved ones? Or perhaps the opposite – a space where every friend is welcome, where laughter fills the air and friendships thrive? No matter how you like to spend your time, your home is your kingdom. And at the heart of this kingdom is often the living room, with the sofa at its center – the stage for everything that happens, right? Conversations, gatherings, relaxation, fun... it's where relationships grow and where you experience the most emotions.

How can we make these moments even more enjoyable for you? By offering you the most comfortable sofa, precisely tailored to your needs. That's what we create. We start by understanding your needs, then craft furniture that meets the tastes of even the most discerning customers. We rigorously test our products to ensure everything is absolutely perfect. We pay attention to every detail, so that every glance at the sofa, every touch of the fabric, and the comfort of sinking into its soft cushions brings you satisfaction.

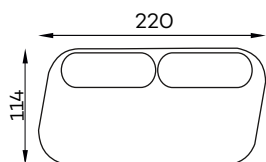

*Because what truly matters is your comfort.
Choose your perfect sofa.*

Skew

Skew is an exceptional furniture collection created by an artist inspired by gentle, expansive landscapes. Observing nature closely, the designer aimed to bring this harmony and tranquility into interiors. Each piece has been thoughtfully designed to craft a soft, obstacle-free environment. The Skew collection is built on geometric forms, highlighted by delicate pipping adding a subtle, refined touch. This unique combination ensures the furniture is both functional and visually appealing.

One of Skew's key advantages is its versatility. The collection includes five pieces that can be arranged and rearranged freely, adapting to the customer's changing needs, the character of the room, or even the mood.

Karim
DESIGN BY
KARIM RASHID

DESIGNED BY

Karim Rashid is one of the most renowned contemporary designers, celebrated for his dynamic and futuristic forms that often blur the line between art and functional design. Born in Cairo in 1960, Rashid grew up in Canada, where he began his career. His style, characterized by bold colors, organic shapes, and modern materials, has earned him global recognition.

All corner sofas and modules can be ordered in a left-hand facing or a right-hand facing option. Drawings show a left-hand facing option.
The tolerance of upholstered furniture dimensions is +/- 4 cm. All dimensions and furniture configurations can be found on the website www.befame.com.

Bella Vista

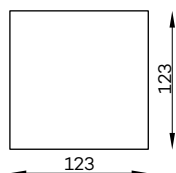

Bella Vista embodies the essence of Italian style — a unique blend of refined, contemporary elegance with the freedom and joy of life. It looks stunning in open spaces, serving as the centerpiece of any arrangement.

Thanks to its modularity, it allows for various configurations, perfectly suited for interiors designed to accommodate double-sided furniture placement.

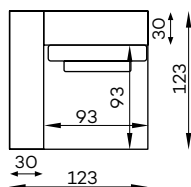

The result? Design and comfort at the highest level! You can simultaneously plan a spacious area for rest, relaxation, conversations, and cuddling, as well as a separate space dedicated to social gatherings. Bella Vista excels in both formal and informal interiors. At first glance, it brings one thought to mind: La dolce vita!

Corrado

Corrado is an alternative to the Rio model – it's also a modular piece that you can configure according to your needs. Just as soft, thanks to the combination of two types of high-resilience foam in the seat construction and silicone-filled cushions in the backrest. The pleasant sinking feeling does not lead to deformation, and the shape of the furniture remains unchanged for a long time. A distinctive feature of this model is the unique inverted piping, for which we carefully selected the perfect fabrics to guarantee a one-of-a-kind effect.

Creo – dedicated to lovers of simplicity who value the functionality but can't imagine it coming at the expense of comfort. This collection combines both of these qualities. Specially selected high-resilience foams, properly shaped and contoured seats, provide the same high level of comfort found in furniture without sleeping function. Additionally, both the sofa and corner versions offer sleeping function and storage container. Interesting stitching in the form of inverted piping adds character to the design while maintaining neutrality and making it a perfect fit for interiors of various styles.

Domani

Domani is a modern and incredibly pleasant model with rounded shapes, consisting of simple, bean-shaped modules. By combining them freely, you can create imaginative shapes: a sofa, an L-shaped corner, but also a semicircle, open circle, wave, or an S-shape sofa. The only limit is your imagination! This unique feature makes Domani perfect for various spaces – from a cozy living room to an exclusive waiting room in a clinic. Sometimes, we want our furniture to bring us very close to someone, and other times, we can use it to maintain a bit of intimacy in a group. Curious? Here's a little tip – this model looks fantastic in boucle fabrics!

DESIGNED BY

Enrique Martí Associates

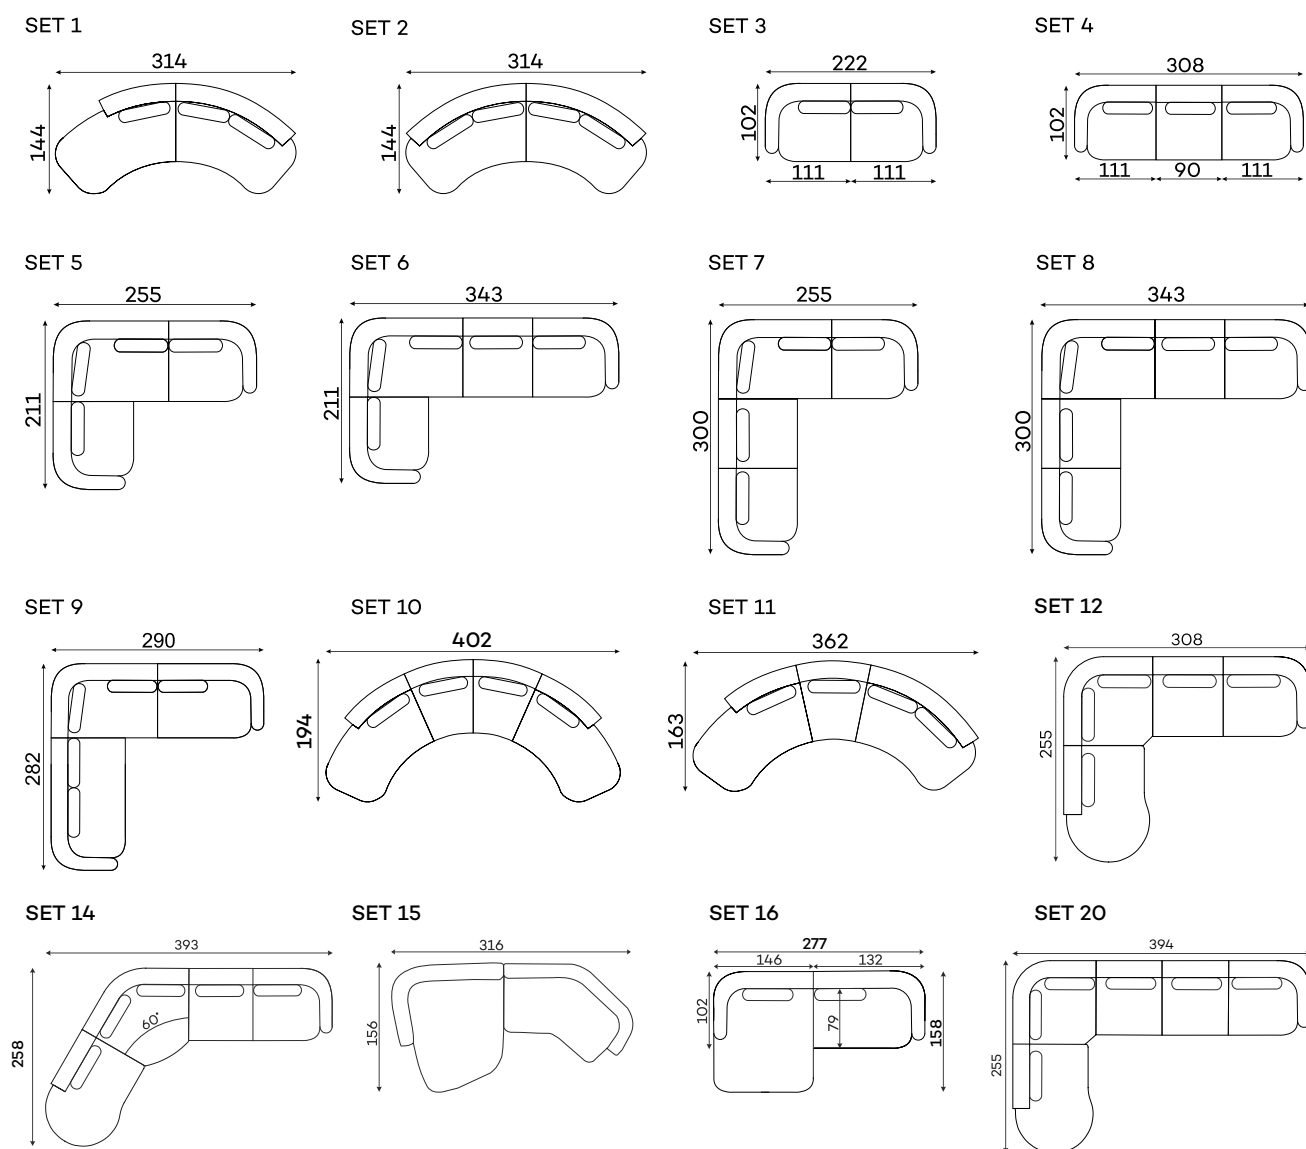

is an architectural office that has gained recognition for its modern approach to design. Founded by Enrique Martí, the firm is known for creating innovative and functional spaces that seamlessly blend contemporary aesthetics with local traditions and the surrounding context.

Laurent

Laurent is the younger brother of Bellissa – like her, it is made of modules and features soft, very comfortable seat cushions, thanks to a special combination of zig-zag springs and high-resilience foam. Just by looking at it, you can already imagine the comfort of resting on this piece of furniture. You can sit back comfortably, enjoy an aromatic coffee, and admire the view outside, or lie down under a warm blanket with your favorite book or movie. Laurent is slightly more versatile in style, making it easier to match with different types of interiors. Its charm is accentuated by decorative piping and loose decorative cushions.

Lust

The idea behind the creation of the Lust model was to design a sofa that, although at first glance doesn't reveal its relaxing features, still provides them. Why invisible? Because the piece remains perfectly proportional, regular, and visually pleasing. It is a modular model, allowing you to freely compose the size and shape of the module, deciding whether it should be equipped with electrical functions: relaxation and/or headrest adjustment. The comfort is enhanced by the sofa's form – wide and deep – as well as the filling, which consists of a special composition of high-resilience foam, memory foam, quilted layers filled with silicone and natural down. In short, it offers the highest comfort for the body and a feast for the eyes, as regardless of the chosen modules, the sofa presents itself exceptionally harmoniously, softly, and uniquely.

Monza

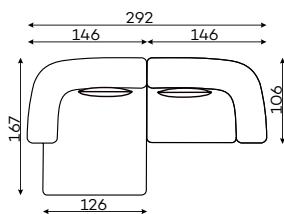

Monza is a modular sofa offering a wide range of layout possibilities. From a compact sofa to an expansive sectional. It's perfect for interiors designed in a modern or minimalist style. The slightly rounded lines of its shape create an impression of softness, yet with the right stability. In terms of comfort, as well as design, it combines the best features— a stable seat that is both soft and resilient, inviting to a carefree relaxation. Its simple form encourages a bit of boldness when choosing fabrics— an original pattern or contrasting piping will add an interesting twist. In monochromatic colors, Monza looks noble, catering to those who appreciate aesthetic minimalism.

Moon

Moon is a product designed for those who prefer simple and classic forms. However, don't be deceived by the first impression - this is not an average piece of furniture. We dedicated many hours to refining the details, especially to achieve proportions ensuring the best possible ergonomics. That's why this sofa features wide, soft backrest and seat cushions, along with broad armrests, all carefully designed to provide optimal support.

Soprano

Are you looking for a sofa that is visually light and modern but doesn't compromise on comfort? Soprano is the perfect choice. High metal legs and a slim form align with the latest trends, but the greatest advantage of this model is its incredible softness. In addition to exceptional comfort, we guarantee long-term satisfaction—the sofa will retain its original shape even after prolonged use. Allergy sufferers will also appreciate the fact that the filling is not made of natural feathers, eliminating potential allergic reactions. Soprano is a modular model, offering a wide range of possibilities to design a piece perfectly tailored to your needs—whether it's the right size or shape. All that's left is to choose the upholstery from a broad selection of fabrics, and you can enjoy relaxing moments in your home.
