JAZ

Modernistycznie wykonane produkty KLUŚ chętnie wykorzystywane są do niestandardowych realizacji, wychodzących spod rąk projektantów i artystów. Montowany do powierzchni lub na podwieszeniu profil PDS-ZMG, służący do oświetlenia głównego i dekoracyjnego, został wykorzystany w swoich pracach przez Izabelę Kołwzan. Efektem połączenia kreatywności projektantki z funkcjonalnością profilu PDS-ZMG, są nietuzinkowe artystyczne szklane lampy.

Our modernistically crafted products are eagerly used for custom realisations coming out of the hands of designers and artists. The surface-mounted or suspended PDS-ZMG profile for main and decorative lighting was used in works by Izabela Kołwzan. These unparalleled artistic glass lamps are the result of combining the creativity of the designer with the functionality of the PDS-ZMG profile.
